The State of Nebraska, to all persons interested in said estate, creditors and hairs: Notice is hereby given that Louise Conley filed a petition on July 17, 1963, alleging that Anna Schreiter died intestate September 3, 1950, a resident of Otoe County, Nebraska, the owner of an undivided one-half (½) interest in the Northeast Quarter (NE¼) of Section Five (5), Township Eight (8), Range Thirteen (13), Otoe County, Nebraska,

in which the petitioner derived an undivided one-half interest; that no administrator has been appointed in the State of Nebraska in the matter of the estate of the deceased; that the deceased left no will and more than two years have passed since death; that the deceased left surviving as her sole and only heirs at law, next of kin and only persons interested in said estate; Karl E. Schreiter, husband and Louise Conley, daughter, all of full age and that the above real estate descended an undivided one-half interest to each of the above in accordance with the law of descent and distribution of the State of Nebraska in force at the time of the death of said deceased.

That said petitioner prays for an order barring claims, for a decree of this court finding the allegations of the petition to be true, for a determination that there are no inheritance taxes due from said estate or from said heirs of said deceased and for a decree that the real estate owned by said deceased at the time of her death descended in fee simple to said heirs as above stated and for assignment thereof to the persons entitled thereto. That said petition will be heard on the 19 day of August, 1963, at 1:30 o'clock P.M. in this court at which time all persons interested may appear and be heard with reference thereto.

Orville Koch of the county fair association said a new event this year at the annual celebration in Syracuse August 19-20-21-22 will be a tractor pulling contest

I recall the team of "blacks" owned by a farmer near my home town that were entered in the horse pulling contests each year I've forgotten how many hands-high the horses were or how much the team weighed But I do remember the owner talking gently to his team and commanding their strength as they pulled against traces

And a good team it was that pulled a skid loaded with bags of cement

It was always quite a thrill to see pure strength lean against a harness and move a skid that an old F-20 had a hard time moving back to the starting line
