First Christians will have a new pastor soon and will build a brand-spanking new parsonage and church office on two lots in Greggsport .. Understand the Rev Paul Schmidt family will be leaving soon ..

As we approached the tornado hit area in Kearney Hill the other day, I looked first at St. Benedict's Catholic church. The large cross atop the church (built by Ralph Boerner), was not damaged

What does a pastor do?

He teaches, though he must solicit his own classes. He heals, though without pills or knife He is sometimes a lawyer, often a social worker, something of an editor, a bit of a philosopher and entertainer, a salesman, a decorative piece at public functions and he is supposed to be a scholar

He visits the sick, marries people, buries the dead, labors to console those who sorrow and to admonish those who sin, and tries to stay sweet when chided for not doing his duty He plans programs, appoints committees when he can get them and spends considerable time in keeping people out of each other's hair Betwen time he prepares a sermon and preaches it on Sunday

Then on Monday he smiles when someone roars, "what a job — one day a week "
