Israel orders total curfew

By United Press International

Israel imposed the first total curfew in east Jerusalem since the 1967 Middle East war today in a massive search for extremists who set off the explosion that killed 11 persons and injured 55 others in a crowded market place.

Police gave no indication of when the curfew might be lifted. Officers said they had released 350 of the 500 Arabs arrested and questioned about the bombing Friday.

The blast of 500 pounds of TNT was the fault of leaders of Arab nations, Israeli Premier Levi Eshkol charged in a broadcast Friday over Jerusalem Radio. He spoke from the scene of the explosion.

"After having been defeated on the battlefield the enemy is attempting to fight back by means of hit and run murders within Israel," Eshkol said.

Eshkol said no effort would be spared to find and bring to justice the bombers.

Two Arab guerrilla organizations claimed credit for the bombing, El Fatah in a communique from Cairo and the popular front for the liberation of Palestine in an announcement in Beirut.

AT&T to initiate station calls to V-N

WASHINGTON (UPI) —American Telephone & Telegraph Co. announced plans Friday to start station-to-station calls between the United States and Vietnam. It estimated the savings to American customers at $121,000 a year.

Until now, Americans could call Saigon person-to-person only, at a rate of $12 for the first three minutes and $4 for each additional minute. Under a proposal filed with the Federal Communications Commission, this rate would be reduced from $4 to $3 for each additional minue.

The rate for the new station-to-station calls will be $9 for the first three minutes and $3 for each additional minute.

Anti-crime fight plans are studied

LINCOLN (UPI)—The Governor's Crime Commission Friday outlined eligibility priorities for local governmental subdivisions to receive federal planning grants under the 1968 Omnibus Crime Control Act.

The commission, who will administer the dispersal of the money below the federal level, must submit the priorities to the Federal Justice Department by Dec. 19 in order to receive the money.

Nebraska has been allocated $196,525 for this fiscal year and will be eligible for at least the same amount the following year, Commission Executive Director Walter Weaver said. Forty per cent of this must go to local governments.

Highest Priorities

Highest priorities will be given to combinations of the 26 planning regions established earlier this year by the Department of Economic Development.

In order, the next priorities are as follows:

—A single planning region.

—A combination of city and county.

—A single county.

—A single city.

The commission said any agency, such as the Metropolitan Area Planning Agency of Omaha, could undertake a planning project aimed at upgrading law enforcement and controlling crime.

However, the commission said, the agency must be willing to plan for the entire area.

Weaver told the commission it should start work now to insure that local law enforcement agencies will seek to cooperate with one another in Nebraska's crime fighting program.

The commission's research assistant, Dr. Harvey Pearlman of the University of Nebraska Law School, agreed.

May Use Force

"This commission might even have to eventually decide if perhaps it should force the cities and counties to plan together," he said.

The commission also authorized its chairman, State Atty. Gen. Clarence Meyer, to appoint a committee to review appeals from agencies whose applications for planning money have been rejected by the commission.

On a related matter, the commission reported that it is preparing a draft bill for submission to the 1969 legislature to set up a permanent standards and training committee for police officers.

The buck Ends here . . . .

By Ivan D. E. Beaumont

The railroads have a chance to get in on the 20th Century transportation business if the dreams of many come true.

The monorail system talked between Lincoln and Omaha could be a start. Still, the best I've read is the vacuum tube system.

But it's probably so far out, it will be many years before it ever comes true . . . then again, there was a time when we thought Buck Rogers was nuts.

+ + + + +

A community center for Nebraska City, similar perhaps to the one at York would be a fine addition to the town.

And the new swimming pool being talked could readily fit in the program. (See Safety Valve, Editorial page).

+ + + + +

In Salina, Kans., the word "Negro" has been removed from the newspaper's stories (except for teletype stories) in answer to a request to an outsider.

The editor said the new word is "black," and it will not be capitalized.

+ + + + +

Doug Dickerson reports deer running about in his "backyard" on the hill and downtown, Mr and Mrs Max Beemblossom said they had a deer on their front lawn the other night. The Beemblossoms live across the street from Second Avenue school.

+ + + + +

The best stories I've heard about the Black Panther of Minersville were from Guy McCord.

Henry Schemmel, mayor of Minersville, backs up Guy's stories 100 percent.

But as yet, the "big monster" heard about recently along the river bottoms sounds more like a bear. More about this later.

+ + + + +

In a Pasadena, Calif., bird shop they have a parakeet that has turned out to be a smart aleck. When questioned by a customer about his speaking ability, he says:

"I can talk. Let's see you fly."

+ + + + +

How about that?

Men who eat hastily or get drunk do not know how to eat or drink. . . . . The dinner table is the only place where men are not bored during the first hour. . . . . .An expert is a man who is paid whether his advices turn out good or bad. . . . . .The man who has learned to enjoy a beautiful day is better off than the man who is compelled to go to an art gallery for inspriation... . . . . It is getting so hard for a man to find a wife who will help him wash the dishes.

. . . .Mr and Mrs Wilbur Jose of Eston, Saskatchewan, Canada, are visiting his brother-in-law and sister, Mr and Mrs Eldon Mitzner and family in Nebraska City. Sunday Mr and Mrs Jose and Mr and Mrs Mitzner will attend the 25th anniversary observance of their brother and his wife, Mr and Mrs Everett Jose, at Crete.

Girl's death probed in Iowa

DES MOINES (UPI) — Des Moines detectives said today they have launched a campaign to seek clues from the public into the death of 17-year-old Linda Boothe.

The police said they are seeking the assistance of anyone who might have information about the Wednesday night slaying. Miss Boothe was brutally beaten in a Des Moines cleaning establishment and died about two hours later at a Des Moines hospital.

Police stationed a patrol car near the scene of the beating-slaying at Wakonda shopping center Friday in an effort to obtain additional information about the crime.

The patrol car, tended by a detective and patrolman, had a sign on it asking persons who may have clues to the crime to offer information. The sign read: "What did you see November 20?"

Detectives said they plan to have the car at the shopping center tonight and Monday night.

Miss Boothe was the daughter of Iowa Highway Patrol Lt. Arliss Boothe, Des Moines. Detectives said they have been aided in the clue - starved investigation by Iowa Highway patrolmen who have volunteered their time. A detective said no new clues have been turned up in the investigation.

Barrett taken to state prison

Gary Barrett of the Auburn, Nebraska-Rock Port, Missouri, area, was sentenced to five years at hard labor in the Nebraska Penal and Correctional Complex at Lincoln, by District Judge Walter Smith in Otoe county district courtroom Friday night.

Barrett had been returned from Ft. Madison, Iowa by plane a short time before he was sentenced.

Sheriff Bill Miller was flown to Ft. Madison to pick up Barrett by Jim Moyer.

Barrett refused to waive extradition and County Attorney Richard Hoch went through the necessary steps to return Barrett to Nebraska City.

Before pronouncing sentence, Judge Smith reminded Barrett that he had pleaded guilty to a charge of uttering a forged instrument for $91 May 24, 1968, at Western Auto.

A pre - sentence examination was then ordered.

Barrett's bond was reduced from $5,000 to $3,000.

Judge Smith also noted that Barrett had been in previous trouble and had served time in prison.

He then pronounced sentence. Court costs were $96.20.

Barrett was delivered to authorities at the Nebraska Penal and Correctional Complex at 7:10 Friday p.m. The defendant was represented by Wm. F. Davis, his court-appointed attorney.

Zsa Zsa's mother comes up with gift

LONDON (UPI)—Jolie Gabor didn't give "naughty daughter" Zsa Zsa a spanking after all. She gave her an expensive present instead.

Jolie, wearing a mink coat and hat and chewing anxiously on the ends of her spectacles, jetted into London from New York Friday.

Her purpose, she said, was to give her 45-year-old daughter a "good spanking and take her home."

But Zsa Zsa, who arrived in London earlier this week after a chaotic trip to Spain in which she said police beat her, greeted Mama with a hug and a kiss and Mama's heart melted.

NEW HOME
With big THREE—
Space, Quality & Price
COMPLETELY FURNISHED 3 or 4 bedroom 1,000 to 1500 sq. ft. Delivered ready to live in from
$7,785 to $9,995
Several hundred families in Nebraska plus additional thousands throughout the country live in these homes. Pre-engineered factory built housing has cut the average home cost approximately one half. Still the hammer and saw builders say it can't be done and pre-engineered construction won't work. MASS PRODUCTION put us on wheels, clothed and fed us. Now it's being used to produce a home that everyone can afford. YOU OWE YOURSELF A LOOK! You may be surprised with progress made in housing PLUS ENJOYING THE MONEY SAVED.
