Know what a Senior High down-slip is?

That's an academic "no-no."

+ + + + +

The Senior High commencement program was fine the comfort range was lousy, but no one got up and walked out.

There aren't many events in this country where moms and dads, grandmas and grandpas can sit still for an hour under such discomfort as the muggy conditions at the auditorium — but graduation is worth it, all agree.

The most comfortable thing I can think of these past sunny days are my prescription sunglasses, er . . . .shades . . .sorry about that.

"Old soldiers never die. . . . . ."

Nothing could have pleased me more than to see WWI Company B guardsmen reject a suggestion that the reunion of a week ago be the last.

Keep up the Company B spirit! You are a model for the young warriors of today.

+ + + + +

Col. Jay Holmes, San Antonio, Tex., the commander of the guard unit, says he enjoys his visits to Nebraska City each year to attend the reunion.

The colonel always attends the Kentucky Derby race and then comes to Nebraska City to meet with some more "hosses."

I stayed glued to the tube as the Apollo astronauts transmitted live color pictures from the moon.

Without doubt, the greatest photographers of the decade, bar none, are the American astronauts.

The opening of the Steinhart Park swimming pool a week later than originally scheduled for a paint job, won't sell "yes" votes in the pool bond issue, but will provided a satisfactorily-maintained pool for this summer.

The pool, despite arguments, about its shape, is a popular place for a lot of people during the summer.

And it is also a place for special safety training — the Red Cross swimming lessons.

I don't know of another sport that is taught to so many children for such a small cost that has such a life-saving effect.

+ + + + +

Wilma McIntire, executive secretary of the Red Cross, is organizing the Red Cross swimming lessons again this year at Nebraska City and Syracuse.

She will publish notices soon on the swimming program.

The big cost of teaching children to swim is paid with money you donated to the Community Chest.

This will be a busy month for the Sam Metcalfs. They will be moving to Kearney where he will take over direction of educational programs at two elementary schools.

I'm going to miss the Sam Metcalf family and the community will also feel the loss.

They came here from Valentine with three daughters in schools, added another, Yuko Meguro, and became active in many community activities.

Their loss will be felt in the church, Chamber and other community activities, because they are an active family.

Now, the youngest, Rennie, has graduated from high school, and Yuko leaves Monday for Japan. Sam and Loretta say the house won't be the same.

Up on the North 40

Did you ever hear a disgusted carpenter after he hits his thumb with a hammer — "oh, goodness!" he says.

Well, that's the story on the North 40. . . . . the carpenters are building a new home. . . . for Pastor Rinne.

NOTICE TO BIDDERS

Notice is hereby given that the Board of Public Works and the City Commission of the City of Nebraska City, Nebraska, will receive bids at the office of the City Clerk, Nebraska City, Nebraska, until 2:00 P.M., C.D.T. on the 17th day of June, 1969, for Power Plant Improvements, Plant No. 2, at which time and place the bids will be publicly opened and read.

Bids will be acted upon at said time or at such later date and place as may then be fixed.

The work to be done is as follows:

Contract 1—Power Plant Improvements, Plant No. 2

Furnish and install skid-mounted, dual fuel, portable diesel package power plant having a total capacity from 2,000 kw to 2,500 kw. The package plant shall consist of one or two identical diesel generating units complete with auxiliary equipment, accessories and piping, a control unit to serve the complete package unit, switchgear, metering equipment and associated electrical equipment.

All work is to be in accordance with the specifications and form of contract which are now on file in the office of the City Clerk, reference to which is made for more detailed and complete description of the proposed improvement.

All bids shall be submitted in duplicate, on forms provided with the specifications, to the City Clerk on or before the time specified above.

Each bid shall be accompanied in separate sealed envelope by a certified check in an amount of not less than five percent (5%) of the bid. The certified check shall be forfeited if the bidder neglects or refuses to enter into contract and to furnish bond after his proposal shall have been accepted.

Payment for the work will be made in cash on the basis of estimates as outlined in "Special Conditions."

The successful bidder shall furnish a performance bond in the amount of 100% of the contract.

The work shall be commenced within 10 calendar days after date of written notice to proceed, and shall be completed within the time stated in the successful bidder's proposal.

The City reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) calendar days after the date bids are received.

The City reserves the right to consider such factors as time of completion of the work, materials and methods of construction, experience and responsibility of the bidder and similar factors in determining which bid it deems to be in its best interests.

The City reserves the right to reject any or all bids, to waive informalities or technicalities in any bid and to accept the bid which it deems to be in the best interests of the City of Nebraska City.

The Engineer's estimate for all of the work covered by these specifications is $420,000 for a 2,000 to 2,500 kw plant.

Prospective bidders may obtain two sets of plans and specifications from Stanley Consultants, Inc., Muscatine, Iowa. These documents will be on loan and shall be returned if prospective bidder is not interested in submitting a proposal Copies required over and above first two sets will be furnished when requested at reproduction cost, which will not be refunded.

$101 less than last year's Impala with comparable equipment.

Impala Custom Coupe

Match that, anybody.

We give you an honest increase in car at an honest decrease in price.

Take the '69 Impala above. We improved the ride. Made it quieter inside. Added an anti-theft locking device. Put steel guard rails in the doors.

Still, this Impala with a 300-hp V8, Turbo Hydra-matic, advanced-design power disc brakes, head restraints, whitewalls and wheel covers is priced $101* less than in 1968.

The 300-hp V8 is priced $40 less than last year's 275-hp. Turbo Hydra-matic costs less. Power disc brakes about half as much. Whitewalls a little less. Wheel covers about the same. And head restraints are now standard.

Upping value and dropping price. That's the way Chevrolet operates.

Putting you first, keeps us first.
