The buck Ends here . . . .

By Ivan D.E. Beaumont

The decision by the State Board of Education that rules and regulations be established for sex education courses in local schools is wise.

In the language of the kids, the board is "doing its thing."

+ + + + +

We should be able to trust the wisdom of the people in the school system who are experts in their fields as to the specifics in the classroom.

I'll betcha a pair of boots neither you nor me would want to teach a class.

+ + + + + +

Here's how it is today. If you're over 30, you've had it!

And to some, you're just a "dirty old man."

+ + + + +

At the football game

The Harry Vondraks are back in the reserved section this season. That's not so unusual . . . .except this year, for the first time in 24 years, the Vondraks don't have any youngsters in the schools.

Someone said before the game that something wouldn't work... the public address system was it! Ernest Janssen got things going again.

Hayward park is a pretty foxy athletic field, perhaps the best in this part of the state what with the stadium, fieldhouse, asphalt track, completely rebuilt field and extra seating on the east side.

Sport enthusiasts claim Nebraska City will now be the location of many great athletics events.

+ + + + +

I don't know how you vote, but I'll take Jerry Hall as football announcer any time.

He did a bang-up job. . .even his impromptu officiating.

The only challenge I heard all evening Friday at Hayward by Jerry's friends was whether this was to be a football game or a stock car race or a saddle club show. . . .that Jerry gets around.

+ + + + +

Sure hope he shares a few of his jokes with the fans during the season.

+ + + + +

We get a lot of newsletters in the mail from various manufacturers, but about the cleverest and attractive we've seen is the Pendleton Woolen Mills of Nebraska letter.

It's really a dandy. There's no question about the product. The front and back pages are printed In red and black depicting plaid wool, a product made famous by the Pendleton people.

Mrs Ray (Arlene) Schreiner's column is printed on page 1 of this month's letter entitled, "Nebraska City By-Line." The cartoons add much to the stories.

+ + + + +

I'm not much of a golfer, but I do have an appreciation for people who know how to play the game.

And today, this appreciation goes to Gary Blakeman, winner of the championship flight and the Clemmy Holmes trophy.

Gary has had a good year, winning also at Syracuse and in the Early Bird Open.

And he's a busy man as manager of Nebraska City's American Meter company. You'll never meet a more courteous golfer on the course and a pleasant guy on the street.

Best of luck to you, Gary, for many more championships.

+ + + + +

Someone said the other day that a good mechanic never seems to have the time to fix his own car. . . .or an electrician never gets those new outlets installed in his own home?

My wife reminded me that our family doesn't have any printed stationery. . . I was gonna do that, Millie, but I got busy.

Today's FUNNY

County officers talk new laws

County Clerk Gerald Schmitz, Treasurer Wilma King and Deputy Treasurer Marcellie Morehead, attended a special meeting at Lincoln concerning new laws pertaining to their offices.

Clerk Schmitz said there have been several changes in the election laws. He said that one change affects the number of books to be kept at the voting place. There will be only three books.

The clerk places the name of the voter designating his party affiliation in one book. The voter will sign his name in another book so that the number on each entry will be the same. A summary book of the complete tally of the vote must also be kept.

Tally sheets will no longer be necessary.

On car titles, if a car is owned jointly by a husband and wife and the survivor wishes to sell the car, he or she may do so if the total estate is under $3,000, according to Clerk Schmitz. Otherwise, the will must be probated before the car can be sold.

A buyer may transfer title on an automobile anytime within 15 days if the vehicle is purchased from an authorized dealer. If bought from an individual, the title must be transferred at once.

A uniform commercial code paper, eight by five inches, must be used for liens. An additional charge will be added if the measurements are not followed. The fee for liens will raise from $1 to $1.50.

County commissioners may designate the names of delinquent taxpayers in the county newspaper. If done, this probably would take place in the late spring or early summer.

Jurors were granted 10 cents per mile under a new law.

ESU board members must file 60 days instead of 40 days before an election if they are to be candidates.

A delegate to a county convention may be an election worker.

The age of members of an election counting board has been changed from 70 to 68 years.

Where school districts overlap it will be the responsibility of the superintendent of the school to see that each county clerk be advised of the number of registered voters in the district.

Under a new law, only one publication of a ballot will be necessary.

Hermann, Chevrolet, Cambler Chevrolet Shenandoah, Iowa; Robert or Marion Dickey, Chevrolet cab and chassis, Attebery.

Fares to increase on the airlines

WASHINGTON (UPI) —After Oct. 1, the nation's airline passengers probably will have to pay about 6 per cent more for their fares on the domestic airlines.

In announcing Friday that it is willing to allow a 6 per cent increase, the Civil Aeronautics Board, in effect, gave the airlines more than what they had asked for at the beginning of the year.

Six of the major airlines—American, Braniff, Continental, Eastern, Northwest and United —recently petitioned the CAB for permission to boost their fares by an average of 10 per cent.

Judge gives divorce to James Roosevelt

GENEVA, Switzerland (UPI) —James R. Roosevelt, 61, eldest son of President Franklin D. Roosevelt, has been granted a divorce from his third wife, his lawyer said today.

The couple was in the headlines last May when Mrs. Roosevelt stabbed her husband with his Marine dagger.

Stickproofing is fatal, she charges

MILWAUKEE, Wis. (UPI)— Mrs. Lucille Pilsnik, 40, has filed a $1,000 suit charging the stickproof lining on a tea kettle burned on her stove, emitting "poisonous and insidious" fumes which killed her bilingual parakeet and English-speaking mynah bird.

She said the coating is "dangerous to man, beast and birds."

Mrs. Pilsnik said she has kept the birds preserved in plastic in her freezer since their Jan. 12 death.

"I froze them in case I need them for the court case," she said.

Here's John Ehmke with what he insists is a "burpless" cucumber. It measured 14½ inches long and was raised on the Elmer Ropers farm seven miles north of Syracuse.

UNION

Connie Mullis
