New fluorescent lights will be installed

New florescent lights will be installed in the office of County Treasurer Wilma King at Otoe county courthouse Monday.

The office will be closed to the public on that date since it is Columbus Day; in fact, the courthouse will be closed in observance of the holiday.

The work will be done by D and D Electric at a cost of $585. This was the low bid submitted on the job. The other bids were Marts Electric, $645 and Rhinehart Electric, $675.

20,810 students at the University

LINCOLN (UPI)—The University of Nebraska announced Friday a record enrollment of 20,810 students at its Lincoln campuses.

The enrollment figure represents an increase of approximately 1,200 over last year's enrollment and a 6 per cent growth rate. This compares with a 4 per cent growth rate nationally.

Some of the best wine grapes in the United States are grown in the Napa Valley, north of San Francisco.

Northbound cars in collision on highway

Northbound cars drivin by Mabel C. Wellensiek, 64, RFD 1, Nebraska City, and Willis Bohling, 27, RFD 3, Tecumseh, collided Friday four miles south of Nebraska City on U.S. 73-75.

Sheriff Harris Esluer said the Wellensiek car was being driven out of the family's farm drive onto the highway when it came in contact with the Bohling car.

The Bohling car remained on the highway but the Wellensiek car went into a gully. Neither car overturned.

Herman Wellensiek, 74, a passenger in the Wellensiek car, sustained a whiplash of the neck. Bohling complained of a bruised knee and his wife, a passenger, said she had a headache after the collision.

Seat belts were not in use.

Hershey driver killed in crash

SUTHERLAND (UPI) — William F. Miller, 21, of Hershey, died early Friday in a one-car mishap on a county road 2½ miles northeast of here.

The state patrol said he apparently lost control of the car and it went over an irrigation ditch and rolled.

The buck Ends here . . . .

When I read that story the other day about the Christmas opening, my first thought was: "It's only October. . .you've got to be kidding."

Now, I'm eating my hat and complimenting Chamber President Harry Vondrak and his directors for planning ahead. Who in blazes was so sure we were going to get this much snow?

You have to admit, it's about the prettiest thing we've seen after our hot, windy and dry summer, but it's rough on the woman of the house what with heavy clothing, snow boots and overshoes cluttering corners of the home.

Now she will truly enforce the rule of no shoes on the kitchen carpet. Trying to hold down a growing boy in this area is about like refusing food to Buffy the cat at 7 a.m. . . .he usually makes himself known.

I took down my favorite red plaid cap from the closet shelf and made it as far as Joy Thornhill and the police station on the regular news beat before there was some comment.

Joy says he has a soft-leather cap of similar design. (Betcha he will be wearing it next time we meet at the station).

George Weber and Bob Bishop, the Pendleton boys, spotted my cap and I've been fighting them off since.

I shoved my straw back in the corner on the closet shelf. It's showing its age now. I bought it out of necessity a few years ago for $1.19. I was browsing in the store, picked it up and inside was a fancy label in black and gold thread — "Beaumont."

Yea, that created a necessity, I sez to the Missus.

The Hastings Tribune printed a story recently about race photographs and a trophy at the home of a family in Hastings.

Terry Doil, 34, son of Mr and Mrs Tom Doiel, Denver, and a cousin of Glen J. Doiel of Nebraska City, was killed in a stock car race.

Terry was a native of Nebraska City and moved to Hastings in 1945 where he was a general contractor. He is survived by his wife and three children, Michael, Mark and Michelle.

Wilbert Hecke, a Kearney race driver known to Whitehead Speedway fans, gave the family a trophy in memory of Terry.

We enjoyed having the Otoean staff with us for a day during National Newspaper Week.

Mrs Bill Berger, Otoean sponsor, accompanied the students. They were assigned to general news, society, advertising, and photography and observed the putting together of a newspaper.

A couple of the students even helped with Smokey Bear picture assignment with 15 to 20 kindergarten "models." We hope they absorbed something about our job. Perhaps they will return some day as regular members of the News-Press staff.

We hope so. They are an eager group.

Nebraska's First Lady, Mrs Norbert Tiemann, toured Riverview Terrace the other day in the company of Finance Commissioner Bill Carroll, Mrs Richard Hoch and Mrs Louise Tanner, who has managed the terrace since its opening five years ago.

The residents at the Terrace were undoubtedly thrilled to have such a distinguished visitor. Mrs Tiemann whisked from floor to floor and apartment to apartment talking with residents.

The First Lady broke up a card party on the main floor for a few moments to say "hello" and was warmly greeted.

Editor, The News-Press: Thank you for inviting us to view your preparation of the paper.

We enjoyed seeing and learning all about the United Press machine, the transformation of the coded tape into print, how type is justified, the printing of headlines, proof-reading, preparation of the society page, and dark room procedures. Also we were given helpful suggestions to improve our school paper, the Otoean.

After seeing the long and hard work that proceeds the printing of the paper, we more fully appreciate the News-Press and Otoean.

Thank you again for taking the time to show us around The News-Press.
