Mrs Emma Nutzman and the GOP

The Grand Old Party has a grand person who has been active in its ranks for many years as a volunteer.

Mrs Emma Nutzman, Nehawka, commands attention when she enters a room of the party faithful, because she's been one of those volunteers you can always count on.

Mrs Nutzman, 75 years young, made an appearance at the Rep. Charles Thone meeting at the Otoe county courthouse.

She visited a few moments with the congressman and chatted with Mrs (Ruthie) Thone and with Mrs Herb Pickerill, Syracuse, Otoe county GOP chairman.

+++++

We visited with her a moment:

"I enjoyed reading about the boys and girls who went to Germany That was interesting," she said.

"Well, they had a fine time and everyone returned fit and healthy," we answered.

"That was some experience for high school youngsters," she added.

Well, Mrs Nutzman, it was some experience for the pocketbooks of the dads and moms, too. In fact No. 2 daughter, Clarissa, left something behind. . . .her Indian head necklace. She found the coin in the lawn of a house we rented from Myrtle Taylor about 1959 or 1960. Mrs Clyde Nutsch, Sr., inserted the coin into a ring and attached a chain for a necklace.

She also left something else in Germany in cafes, stations and at stores. business cards that identify the News-Press as the first newspaper in Nebraska and the first daily to be offset printed.

Did you happen to read that story in the World-Herald last week about Christy Sutton, 20, the head cook at M's Pub in Omaha?

Mrs Sutton is the former Christy Gaddis, who attended school at Nebraska City Senior High She is a sister of Mrs Larry Schreiner.

Mrs Sutton is a vegetarian, but she says she doesn't let working with meat bother her. She likes her work, especially preparing meals her own way and using spices to make everything "just right."

M's Pub is in the Old Market area in Omaha.

We remember Mrs Sutton's father, Charlie, when he was superintendent of the brickyard here He gave us one of the first brick to come off the line of the new kiln put in by Abel Investment.

Miss American Honey Queen

State Sen. Calvin Carsten, Avoca, is looking forward to Tuesday's regular session of the Nebraska legislature.

Senator Carsten will have a special guest — Cheryl Burkhart, daughter of Mr and Mrs Ralph Burkhart.

Cheryl was crowned Miss American Honey Queen at the America Beekeeping Federation convention in Hot Springs, Arkansas.

The senator said he hopes Miss Burkhart's parents and grandparents, Mr and Mrs Henry Puppe, also of Nebraska City, will attend so he can introduce them.

Cheryl was an active young miss in school and 4-H and graced the Arbor Day Centennial when she was selected as the queen. Senator Carsten was there that evening on the lawn next to Arbor Lodge mansion when Cheryl was revealed as the queen

Jim Carney, the assistant superintendent of Arbor Lodge State park, called the other day to ask for some help on a rush picture order

Mr Carney said he needed pictures of the Porter property in connection with the Arbor Day Foundation's efforts to get a national research-resource center established here.

We agreed to take the pictures right after church services.

Mr Carney had a map with certain designations of where he wanted pictures, but he stopped short·

"We had better go see the Porters to get permission to stomp through their land."

And this is where the king, master and wise owl spoke:

"Jim, my friend, you and I can walk all over that land, whistle, shout or sing and Mort Porter could care less. .because it was announced today that his son, Budge, was offered a football letter of intent at Nebraska and ole' dad is floating on cloud 9 "

Well, that took care of that question, so we went about the assignment I used one of the roll cameras from the News-Press. Mr Carney used his 35 mm he bought while in Vietnam.

That's when I should have caught on. When he said Vietnam, that meant he was an ex-GI used to clumpety-clumping through fields and brush.

I was wearing my Sunday-go-to-meetin' suit and slipped on a pair of old boots, old coat and a favorite bright orange cap, the type worn by the Scouts who usher at the Husker football games.

Mr Carney was wearing jeans, heavy boots and an old army coat. (No hat or gloves).

+++++

We got separated several times and I was waiting for him in the car when he came out of a draw with camera in an ungloved hand and the coat slung across a shoulder.

After that first trip, he left the coat in the car and we crossed fields, orchards and went through brush getting the assigned pictures. . . he had on a light "Ike" jacket, no hat and not gloves I was still bundled.

"Golly," he said, "I'm glad we're through. I was getting warm."

I didn't answer, 'cause I knew it was about 30 degrees and the wind was gusting to 40 m.p.h. I turned the heater up high while driving home.

He's got the chicken pox.

The English and journalism teacher at Tecumseh has been leaving his desk early for another assignment — assistant wrestling coach

Richard Elmore, son of Mr and Mrs Dale Elmore, laughs about the English teacher as the assistant coach, but he's dedicated to helping his students.

Richard, a graduate of Senior High and Peru State, has a large journalism class at Tecumseh which writes the school news that is published in the Chieftan.

"It's good experience, but it's a lot of work," the teacher said.

The conversation (during a wrestling match) was interrupted by a student. Richard had double duty that night. He had students covering the matches and another person getting color pictures for the yearbook.

He was all smiles when the matches were over — Tecumseh won.

Horse racing tax hike next

LINCOLN, Neb. (AP) — The parmutuel betting tax, failure to pay for child support, and changes in supreme court district boundaries are among subjects to be dealt with in bills hearings before legislative committees during the coming week

Thirty-four bills are scheduled for hearing, many of them late-arriving measures, as committees seek to clear the decks for all-day general sessions of the Legislature as a whole

A bill increasing the tax on horse race bets from five to six per cent will be aired before the Revenue Committee Monday

Also on Monday, the Public Health Committee has bunched for hearing three bills designed to crack down on delinquencies by spouses in child support payments One of the measures, Bellwood Sen Loran Schmit's LB957, would authorize revocation of a driver's license for failure to make support payments

The Judiciary Committee Monday will give hearing to a bill assigning an assistant attorney general to the job of investigating and prosecuting violations of antitrust laws. Sponsors say their concern is chiefly with meat and livestock prices.

The Miscellaneous Subjects Committee Tuesday will hear a bill giving the Public Service Commission rate regulation authority over haulers of farm products.

The Constitutional Revision Committee will consider bills changing supreme court district alignments Thursday, and a comprehensive Pesticides Regulation Act will be considered by the Agriculture Committee on the same day.

Easy To Lose Lbs. Fast With New Vitamin 'E' Diet

HOLLYWOOD (Special)- New scientific discoveries have produced a Vitamin E diet that quickly works wonders on overweight people, and reportedly is gaining great popularity across the country with glowing reports of easy weight loss "while still eating almost as much as you want."

Those who follow the simple Vitamin E diet report an average loss of at least a pound a day and even more without exercise or starvation. Nutritionists' files are bulging with happy testimonials from formerly overweight people who are now trim and slim again. Best of all, you can still eat almost as much as you want of the "forbidden foods" like steak, chicken, fish, sauces, gravies, bacon & eggs and still lose weight

Chewable (candy-like) vitamin E tablets, as used in the diet plan, contain a new scientific combination of ingredients that quickly curbs and controls the appetite, while also giving the wonderous benefits of Vitamin E which is so essential to good health

The use of the new Vitamin E Diet tablets and foods prescribed in the plan will, through natural action, act to help your body use up excess fat. According to recent clinical test, a person who is deficient in Vitamin E or Protein "will double the speed of fat utilization" with the use of Vitamin E.

FOUR WEEKS FOR DEBATES

Regulations for lobbyists

LINCOLN, Neb. (AP) — Advocates of partisan politics did not attend a public hearing Friday on a legislative bill that would take the attorney general's office out of partisan politics

The chairman of the Government, Military and Veterans' Affairs Committee, Sen. Ernest Chambers of Omaha, was the only one to support the bill. No action was taken.

Another bill heard by the Government Committee would do away with the bar examination for new lawyers and mandatory membership in the state Bar Association. The association opposed the bill.

A proposal by Sen. John Cavanaugh of Omaha to regulate lobbyists more carefully received criticism from Sen. Eugene Mahoney of Omaha, Sen. Roland Luedtke of Lincoln and Sen Terry Carpenter of Scottsbluff.

Carpenter said the legislature would be like a "lost ball in high weeds" without the lobbyists. No action was taken.

Sen. John DeCamp of Neligh championed the cause of the school land renters again at another hearing on a school land bill DeCamp wants school land rented on the basis of its sale value and not its rental value. Tom Arlington of the state Board of Educational Lands and Funds said DeCamp's proposal could cost the state more than $2 million a year

The bill was held in committee

Constitutional Revision and Recreation Committee Chairman George Syas told Sen. Ralph Kelly of Grand Island that a proposal to add 2,000 Grand Island residents to Kelly's district could result in widespread reapportionment and eventual loss of an outstate senator to Omaha

An attempt to send the bill to the floor failed.

A bill sponsored by Sen. Garry Anderson of Axtell was advanced to the floor It requires hunters between 12 and 15 years old to take hunter safety courses

Legislators had hoped to finish committee hearings early next week, but a full schedule for next week was issued Friday

The legislature now hopes to finish committee hearings the following week, leaving just over four weeks of full day floor debate

South Vietnam cabinet resigns

SAIGON (AP) — The South Vietnamese cabinet of Premier Tran Thien Khiem resigned Saturday in the most sweeping government change since President Nguyen Van Thieu took office seven years ago.

Saigon Radio said Thieu accepted the resignations, brought to him by Khiem, but asked the ministers to stay as caretakers until a new cabinet is named.

There was no official explanation for the move, and Khiem and Thieu remained in their posts.

The last big cabinet shift was last October when Thieu reshuffled the body in a move designed to put more steam into the economy. In that shuffle, the government announced the resignation of five ministers directly involved in the country's economic management.

16,000 jobless at Ford plants

DETROIT (AP) — The Ford Motor Co. has announced the layoff of more than 16,000 workers over the next three weeks because of lagging sales of new cars

Ford said Friday that 1,800 workers would be laid off indefinitely.

General Motors announced on Thursday it was furloughing more than 50,000 workers at nine plants over the next three weeks

Exon to veto big pay hike

LINCOLN, Neb (AP) — Nebraska has at least 250 employes who earn as much or more than the state's governor, but J. James Exon says he will veto any legislative bill which would sharply raise his office's pay level

"Somewhere there has to be a man who stands up and says inflation is eating up this country," he said in an interview. "Someone has to take a stand somewhere along the line and actions speak louder than words."

He said he could tolerate a modest increase from the present $25,000 a year to offset the increased cost of living.

Too, he is disturbed that the other state constitutional officers receive as much or more than the governor.

"The governor, as the state's chief executive officer, should be making something more than the other constitutional officers, even if it's only a token amount," he said "Obviously that's not the feeling of the legislature "

Exon last year vetoed a bill which raised the salary of the state treasurer from $15,000 to $25,000; of the state auditor and secretary of state from $16,000 to $25,000, and the attorney general, from $24,000 to $32,500.

The legislature overrode the veto

More terrorism is predicted

WASHINGTON (AP) — The chairman of the House Internal Security Committee predicts political terrorism such as the kidnaping of Patricia Hearst will increase in the next few years

Richard H Ichord, D-Mo, said Friday that police should "beef up their intelligence activities" and particularly involving groups like the Symbionese Liberation Army, which kidnaped the newspaper heiress in Berkeley, Calif

Ichord said in an interview that "There are many more (similar groups) in the Oakland (Calif) area, there are many in the New York area, for example, and there are many here in Washington This could break at any place at any time "

"I would predict that such political terrorism will occur more often in the next few years Of course, a lot of that depends upon existing economic and political conditions," he said
